## **PACKING LIST**

Here are some packing suggestions to make your trip more enjoyable. Remember that you will be carrying your own luggage during the trip. It is in your own interest to pack as lightly as you can. Recently, airlines have been stricter on the luggage weight limit and even make you pay for a checked-in bag. It has been our experience that a medium size suitcase with wheels plus a smaller one that can be attached to the wheeled one is better than one large suitcase. Stuff a lightweight nylon duffel bag in your suitcase for laundry or souvenirs. Use trial-size containers for your shampoo, toothpaste, etc. to save room and weight. Eliminate unnecessary containers or cases.

***\*\*Our flight between Prague and Budapest includes a checked-in bag for 23 kilos (50 lbs) and a carry on for 8 kilos (17 lbs) and a purse. If you exceed these weights and normal luggage size, you will be responsible for the overcharges that could result.\*\****

Check ahead of time if any of the hotels (by consulting your hotel roster) have laundry service.

\_\_\_ **Passport** (*Please check this now for expiration date. It must not expire 90 days from the last day you are in the country of travel*) On the day of travel, make sure you take YOUR passport. All U.S. passports look the same on the outside).

**Shoes-** Whatever shoes you bring please make sure that you have gripping soles on them. Remember marble-paved ruins and old cobblestone cities make for slippery surfaces!

\_\_\_ Walking shoes are recommended. You can also combine them with-

\_\_\_ Running shoes as you will have some opportunities to take a run/walk.

- \_\_\_ Teva-style shoes work well IF they have good gripping soles.
- \_\_\_ Evening shoes-sandals or light shoes. Keep in mind some night we will have a short walk to dinner.

WHATEVER SHOES YOU DECIDE TO BRING BREAK THEM IN NOW. DO NOT WAIT UNTIL THE TRIP. THIS MIGHT CAUSE UNDUE MISERY.
